

Dear Friends,

God is faithful!!!! We have spent the last few months on quite an adventurous ride with God! On August 17, Culture Shock Team 1 left and began their 1 year experience with God! The trip started in Ecuador and was an amazing month for the team and the people they got to minister to and with. The team is currently in the Galapagos Islands and has spent this month teaching English at night, helping with the church on the island they are staying and also, traveling to another island to start another church.

Rodney and I had the privilege of meeting up with the team in the Galapagos Islands and spending time debriefing and gearing up for that month of ministry. It was a wonderful time for us to hear about the awesome things God did in and through the team while they were in Ecuador. In a few days, they will be going to their 3<sup>rd</sup> country, Chili. There they will be helping with the local church with out-reaches and possibly doing city wide soccer clinics and nightly crusades. God is changing, challenging, stretching them and using their gifts for His Kingdom! I look forward to hear more stories of the miraculous from this month's ministries.

Meanwhile, I have been busy setting the path for the rest of team one's trip and getting ready to launch promotion efforts for Culture Shock Team 2 which is scheduled to leave on July 2010. I have also spent time sharing our vision with churches, ministries, and Chi Alpha groups. God is moving in young people all over as they catch the Culture Shock vision! God is busy working in my family and Network 21 Missions setting fire to the vision He has given us!

Thank you for partnering with us, we are now almost halfway to our financial goal of me being supported. We are also praying that God will provide the resources for Valerie to be able to quit her job and join me in full-time ministry. Your prayers and support are invaluable to us! As you pray for us, know that we are praying that God blesses you 10 fold.

For His Kingdom,

*Chad and Valerie Trinkle*
